# WELCOME ABOARD

Just when travelling abroad seemed a distant dream, let me take this opportunity to introduce you to the Fred. Olsen Cruise Lines 2022-24 Worldwide Cruise brochure. With many different destinations to visit, we invite you to get back on board, set your compass towards the far horizon and start exploring the world with us again.

Joining *Balmoral* and *Braemar* in our fleet, are our new ships, *Bolette* and *Borealis*. They are refreshed, improved and ready to sail. We have new restaurants - amongst many others, 'Colours and Tastes' is adding Asian Fusion cuisine and 'Vasco' is celebrating the unique flavours from Goa - cooked by our talented regional chefs. This is complemented by our unique warm and friendly service.

Add to that, we have exceptional and exciting new itineraries. Our new Caribbean / Central Americas season starts in January 2022 with a 34-night cruise on board *Borealis*, visiting the islands of Antigua, St Kitts and Tortola, then on to Colombia, Panama and Costa Rica before heading to Belize, Mexico and Bermuda.

Equally exciting, and for the first time for Fred. Olsen Cruise Lines, is our cruise to the southern most tip of the world. We visit Argentina before sailing to Tierra Del Fuego, passing through Drake's Passage to reach the unspoiled continent of Antarctica.

Cruising allows our guests to travel to many different countries and destinations. Whether it's the Caribbean or Antarctica, the Norwegian Fjords, the Adriatic, the Canaries or the Mediterranean, each has their own charm and history. We've tried to balance our various excursions at our ports of call with 'at sea / near coast' cruising to allow you to see what is quite breathtaking scenery from the comfort of our ships.

With 35-years of cruising experience, I have overseen the evolution of our cruise line to what it is today - welcoming but innovative, intended to give you, our guests, an exciting and comfortable cruise. Whether you are one of our loyal regular customers or a new guest, my experienced officers and crew are looking forward to taking good care of you, ensuring your holiday on board is a special time for you and is rewarded with new friends and many happy memories.

We hope to travel with you very soon.

# WELCOME TO THE OLSEN WAY

In recent years, we have seen a new era emerging in cruising.

There is a trend for everything to get bigger and busier,  
and for a cruise to be seen as an alternative to a large luxury resort,  
with a limitless flurry of activity.

But this is not for us.

We believe there is another way to cruise.  
A way that is based on five generations of seafaring.

Where cabins are called cabins, and ships look like ships.

Where the journey is as important as the destination.

In our world, smaller is better and we believe in keeping the experience  
on board uncrowded, warm and civilised – treating passengers as  
guests, like the family-run business we are.

It would be easy to follow the trends and go with the crowds.  
But we never will.

Because this is our way, The Olsen Way.

## 1. WE ARE PROUD TO SAIL OUR OWN COURSE

We are free to do things a different way because  
we are family-run. Of course some people enjoy the  
bigger, busier cruises, but it is not for everyone, and it  
is not for us. We prefer to do things 'The Olsen Way'.

## **2. SMALLER IS BETTER**

We have fewer guests, so the atmosphere on board our ships is always warm and civilised.

Our smaller ships allow us to visit the more interesting places that the world has to offer.

## **3. HAND-CRAFTED, NOT MASS PRODUCED.**

We pride ourselves on putting our all into the Fred. Olsen cruise experience. Our itineraries are created from scratch every year, our service is genuinely personal and each and every area of our ships is designed by hand.

## **4. IT'S ALL ABOUT THE PEOPLE. ALL OF IT. EVERYTHING.**

There are certain things that can only happen when people put genuine care and positivity into what they do. We believe that you can have all the equipment in the world, but in the end, it all comes down to the people.

## **5. WE ARE TRAVELLERS MORE THAN TOURISTS**

Our way is about creating experiences that attract like-minded travel enthusiasts, people as excited to engage with the wonders of the world as we are.

## **6. WE BELIEVE IN THE JOY OF THE JOURNEY**

We believe the purpose of a cruise is to experience the wonders of the world, by always looking out, not facing in.

## **7. MARITIME IS IN OUR DNA**

The Olsen family has been sailing for nearly 200 years and we will never lose sight of our love for the sea. That's why we will always choose to sail ships that look like ships rather than hotels or holiday resorts.

## **8. WE TRAVEL RESPECTFULLY**

We have great respect for the natural world and the diverse cultures of the places we visit. We run smaller ships, so we can travel lightly rather than overwhelm the beauty or local people of our destinations.

## **9. WE DESIGN EVERYTHING WITH ELEGANCE, SIMPLICITY AND ATTENTION TO DETAIL**

Linen, not cotton. Leather, not plastic; our focus is always on quality, and our ships are genuinely loved by us, with every detail closely considered and constantly reviewed.

## 10. "I DET BESTE SELSKAP", IN THE BEST OF COMPANY

There's a phrase in our native Norwegian, 'I det beste selskap' which means, 'in the best of company'. Our guests are like-minded, our crew genuinely friendly and we are very proud to say that, as a result of all this, we have more returning guests than any other cruise line.

# IT'S ALL ABOUT THE PEOPLE. ALL OF IT. EVERYTHING.

We consider our family to be larger than most.

Our ships and our team are all part of the Fred. Olsen Cruise Lines family.

We believe that there are certain things that can only happen when people put genuine care and positivity into what they do.

Our crew are sincere, not scripted and are as enthusiastic about travel as our guests.

As Fred. Olsen Jnr. puts it, "You can have all the equipment in the world, but in the end, it all comes down to the people."

# WHAT'S NEW

In 2020, we added two new ships to our fleet, *Bolette* and *Borealis*.

Our designers and crew have been busy adding the elegant Fred. Olsen touches and attention to detail, ensuring you will feel right at home from the moment you arrive.

On board you will find cabins and suites which have been elegantly enhanced by our talented team of crafts-people as well as new restaurants to try and some wonderful spaces to relax in during your cruise. Here are a few of the new areas you can look forward to.

Refurbishing our cabins with attention to detail

## CABINS AND SUITES

Our ships sail with a team of crafts-people to make sure everything always looks its best.

As well as updating the bathrooms in our cabins and suites on board *Bolette* and *Borealis*, this team have also hand-stitched all our soft furnishings including the curtains, cushions and other design touches on board to ensure you have the most enjoyable and comfortable stay with us.

## ATLANTIS SPA

We have a relaxing spa on each of our ships, the perfect place to enjoy some down time on a sea day.

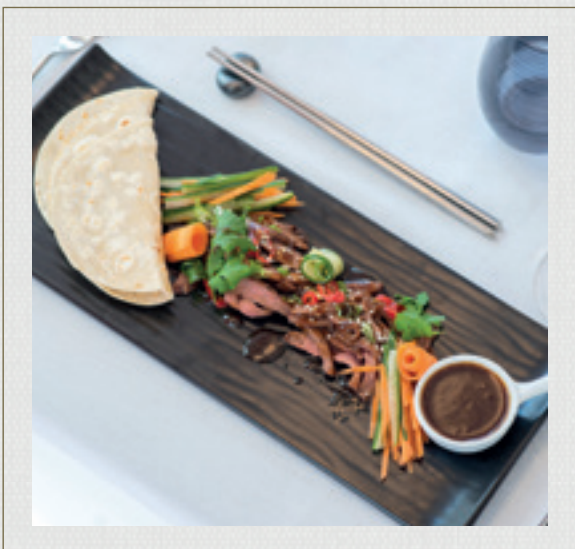

We offer a variety of treatments, using only the best 'Thalgo' products.

*Bolette* and *Borealis* also add to the fleet 'The Retreat', an area with relaxing heated loungers, sauna, steam room and hydrotherapy pool. Plus a private outside deck area complete with sun loungers.

Our therapists will be there to advise you on the perfect treatment based on your needs, whether you are looking for relaxation or something more invigorating. This includes options available for those living with, and recovering from, cancer for which our therapists have been specially trained.

## COLOURS AND TASTES

Our new Colours and Tastes restaurant offers modern Asian Fusion dishes which are a real talking point. The décor is colourful, the mood cheerful and the food offers a stimulating set of new taste experiences.

Our specialist chefs will create a selection of dishes including spiced grilled meats, seafood, gyozas, dim sum and sushi, as well as classic Chinese and Thai favourites.

## VASCO

Vasco (named after the famous explorer Vasco Da Gama who was the first European to reach India by sea), offers a fresh and modern take on Indian food.

The menu has been inspired by our chefs from Goa and focuses on the unique culinary traditions of that area - a place where the tastes of Europe first met the tropical warmth and spices of western India.

Here you can enjoy delicious seafood, spiced curries and grilled meats, all cooked fresh and to authentic recipes by our Goan chefs.

The bright colours and feel of the restaurant have also been inspired by the warmth and richness of Goan tradition.

## BOLETTE

***Bolette*, proudly bears the name of Fred. Olsen Jnr.'s great-great-grandmother. With this connection to the Olsen family, she leads the fleet as our new flagship.**

With just 690 cabins, she fits perfectly with our smaller ships. She can travel at high speeds, enabling us to reach destinations more quickly, meaning our journey planners can craft itineraries that include more ports of call on shorter cruises, and more time sailing the most scenic routes.

*Bolette* provides you with plenty of space to relax. Her Crow's Nest is where you can enjoy scenic cruising through large panoramic windows. The new Auditorium will host cooking demonstrations as well as specialist talks and evening cinema nights. Up on deck eight, you will find our Lido Bar and swimming pool. The retractable roof means you can enjoy a swim year-round, wherever you are cruising.

*Bolette's crest was inspired by the harbour-side buildings in Hvitsten, the early trading house of the Olsen family. On picturesque Oslofjord, Hvitsten is still home to the Olsen family today, each summer.*

## BOREALIS

The high sailing speed of *Borealis* – *Bolette's* sister ship – mean she's perfectly suited for longer voyages across the globe. She can include more ports of call, scenic cruising opportunities and highlights along the way.

With her spacious public areas and choice of restaurants, *Borealis* is ideally suited for comfortable long-distance cruising. This is why we have chosen her to sail our 'Around the World in 80 Days' and World Cruise in 2024.

With just 702 cabins, she fits perfectly into our small ship fleet and like all our vessels, *Borealis* has her own elegant design touches. Even the pattern and weave of the British-made carpets were hand-chosen by Fred. Olsen Jnr., with attention to the finer details every step of the way.

## BALMORAL

***Balmoral* is named after the Scottish residence of the British Royal Family. She is small compared to other cruise ships and able to navigate some of Europe's most picturesque waterways, including the Kiel Canal and River Seine.**

On board *Balmoral* you will have plenty of spaces to relax, including the alfresco Poolside restaurant, the Marquee Bar with its comfortable rattan sofas and the beautiful open promenade. She boasts two separate swimming pools and an elegant promenade deck, making her perfect for scenic cruising.

The Spey and Avon restaurants at the top of the ship offer spectacular views out to sea while you dine and the Observatory Lounge comes to life at sunset. With her beautiful classic ship style, you will be proud to dock each day and step off your ship, *Balmoral*.

*Balmoral's crest proudly replicates the British royal family's Scottish residence, Balmoral Castle, a nod to Fred. Olsen's historic links to Scotland.*

## BRAEMAR

***Braemar* stands out as the smallest ship in our fleet, with just 485 cabins. Her size advantage means she can cruise even closer to many of the destinations we visit, including the show-stopping Corinth Canal.**

She is bathed in natural light, with huge picture windows and large open decks, which provide spectacular views and make her perfect for scenic cruising.

Her flatter hull shape means we are able to take you closer and dock right in the heart of destinations like Malaga, Seville and Valletta. She can cruise the narrower rivers and waterways where larger ships simply cannot, which gives you a truly unique experience. Her signature cascading decks at the aft provide ample open space, and plenty of quiet spots to sit and watch the world go by.

Get even closer in on our RIBs

We love to explore size-restricted waterways such as the Corinth Canal, Kiel Canal, Guadalquivir River and Norway's lesser known fjords. Our smaller ships are also able to dock in the heart of some of the world's most beautiful cities.

# WE BELIEVE IN THE JOY OF THE JOURNEY

We believe the purpose of a cruise is to experience the wonders of the world, by always looking out, not facing in.

While some other cruise lines like to take the fastest route from A to B, we prefer to travel the most fascinating way. Our scenic cruising routes are designed to take in all the islands, ports, waterways, lochs and lakes, fjords and interesting seascapes that are out there.

We believe seeing the world from the water is the best way to fully appreciate it and the observation lounges on our ships are designed especially as places to sit, watch the world go by, and enjoy the wonderful views.

Our small team of journey planners ensure you can always experience the joy of the journey itself as well as the destination.

We bring your Scenic Way cruising experience to life both before and during your cruise, searching out hidden gems and discovering more about the highlights from each itinerary.

Whether that is the nature, history, geology or myths and legends of the area, we will provide you with films, audio guides and expert speakers on board.

# THE CARIBBEAN

## SMALLER SHIP CRUISING IN THE CARIBBEAN

Our Caribbean cruises typically take in the islands of Barbados, Antigua and Cuba, but you can expect to enjoy less-visited gems too, such as Guadeloupe and Dominica. Along with plenty of opportunities to relax on sun-kissed beaches, our team has planned these itineraries to coincide with events such as the Trinidad Carnival and New Year's Eve in the Bahamas. What's more, sailing aboard our smallest ship, *Braemar*, means you will be able to benefit from docking within a mile's walk of Havana, making your exploration even easier.

Depending on the length of your cruise, there may be one or more formal evenings while you are on board. The exact number, including details of any theme nights, will be advised on your cruise ticket. On these occasions guests wear either a traditional dinner jacket, dark suit and tie; cocktail-style dresses or glamorous full length ball gowns.

All ships have an additional buffet restaurant in which the dress code is casual. Although trainers, t-shirts, shorts and tracksuits are not allowed in the restaurants for evening dining, you may opt to wear these for comfort during the daytime.

### DINING OPTIONS

Breakfast is usually served in the main restaurants and casual dining venues between 07:30 and 10.30. Lunch is served between 12:00 and 14:00 in the same venues, followed by afternoon tea in the buffet service restaurant between 15:45 and 16:45. In addition, dining at The Poolside is available throughout the day between 10:00 and 17:00.

If you are booked on a Freedom Fare, we can offer your preferred slot at the time of booking, subject to availability. Guests booked on Saver Fares can select their dining time for a nominal supplement in advance of sailing. Specific table sizes may be requested, subject to availability.

Each evening, informal open seating is offered in The View on *Bolette* and *Borealis* and The Palms Café on *Balmoral* and *Braemar*. We also have a selection of speciality dining options available at a £5pp cover charge. *Braemar* has one additional speciality dining restaurant, *Balmoral* has two and both *Bolette* and *Borealis* offer three additional speciality dining options.

### DIETARY REQUIREMENTS

We will do our best to accommodate most dietary requests on board each of our ships. So, vegetarian, low fat, low cholesterol, low salt, dairy-free, lactose-free, wheat-free and gluten-free food are all catered for.

For anyone with food allergies or intolerances, you will have the opportunity at the beginning of your cruise to meet with the Maitre'd or Executive Chef to discuss any special requests.

We kindly request that you make us aware of any special dietary requests at the time of booking, and we will do our best to source exact products, or provide certain foods, such as diabetic desserts.

### EVENING ENTERTAINMENT

When the lights go down each evening, you can enjoy a live show after dinner courtesy of our resident and guest entertainers. There's everything from music to magic, cabaret to comedy – simply sit back and enjoy it all with your tipple of choice.

### WIFI

WiFi is available throughout the ship, simply connect to the ship's WiFi signal, register for the WiFi Portal and choose your desired internet package, this will then be charged directly to your on board account. For more information, visit our website, or contact Guest Services once on board.

Please be aware that WiFi is subject to service operation and is operated over a satellite connection – this can at times result in speeds much slower than you would experience at home.

### TIPPING

To make rewarding our crew on board as straightforward as possible, gratuities (applicable to adults and youths aged 12-17) will be added to your on board account. The amount (circa £5 per person, per night) is not compulsory and can easily be altered by visiting Guest Services on board.

You are welcome to tip personally if you prefer. We are also pleased to offer the option of pre-paying your gratuities before your cruise. Please ask at the time of booking. Unlike some other companies, we can promise that every last penny is shared between the crew who look after you.

## WE ARE TRAVELLERS MORE THAN TOURISTS

Our way is about creating experiences that attract like-minded travel enthusiasts: people who love to experience nature, absorb other cultures and are as excited to engage with the wonders of the world as we are.

We keep tours smaller, many welcoming 25 guests or less, and our chosen specialist tour guides are immersed in local knowledge. Each port of call has always been researched with partners and relevant experts on the ground.

Our full programme of tours can be booked before you travel, or on board. The smaller tours allow you to get up close and really experience each destination. For example, if you come with us to the St Petersburg Ballet, you won't just see the ballet, you will meet the prima ballerina at the end - making it truly memorable.

# TRAVEL INSURANCE

**Having appropriate cruise insurance cover is a requirement for booking your holiday with us. Knowing you have comprehensive cover means you can relax and concentrate on planning the rest of your holiday. To help, we've provided three top tips for organising your cover.**

At time of going to print, it is a mandatory requirement for all guests to have comprehensive travel insurance that covers for Covid-19 related costs. Your policy must include cover pre-departure in case you test positive for Covid-19 and are unable to board the vessel and have to travel home in a Covid safe car (Covid Cancellation & Curtailment Cover). In addition, the policy must include cover after departure to ensure that you are fully covered if you have to disembark the vessel at a port of call for medical treatment, isolation and travel back to your home (Covid Medical & Repatriation Cover).

## **TIP ONE:**

### **Ensure you have the right cover**

To avoid any pitfalls it's best to ensure your cover is specific to cruise holidays. Also, declaring all pre-existing medical conditions to your insurer will reduce your potential for financial consequences.

## **TIP TWO:**

### **Avoid potential loopholes**

It is tempting to save money and opt for the cheapest holiday insurance. However, many policies have loopholes that will not provide cover for the exact circumstance in the claim. Be sure to investigate what's covered in your policy.

## **TIP THREE:**

### **Purchase your cover early**

We advise you to get insurance organised for your forthcoming cruise as soon as you have booked. This will give you peace of mind that you are covered and protect your non-refundable deposit.

## **OUR RECOMMENDED SUPPLIER: HOLIDAY EXTRAS**

We have found that – from seven years of working together – Holiday Extras provide excellent cover for Fred. Olsen guests.

If you would like a bespoke quote, call **0845 458 0748**, quoting 'FOBR1' or visit: [holidayextras.co.uk/fred](https://holidayextras.co.uk/fred)

# VISAS

Visa and health requirements can change at any time. It is your own responsibility to ensure that you check with a professionally qualified source and comply with such requirements. UK passport holders will need visas for certain Fred. Olsen cruise holidays and will be advised at the time of booking. Your cruise booking information will also detail any requirements applicable to your holiday.

CIBT, Fred. Olsen's preferred visa provider, offer advice on specific visa requirements for your cruise holiday. For your convenience,

CIBT's online portal provides detailed visa information for specific cruises and visa application packs.

Visit, [cibtvisas.co.uk/fredolsencruises](https://cibtvisas.co.uk/fredolsencruises) or call **0207 593 6223** and quote 'Fred. Olsen Cruise Lines', ref 'FREDOLS'.

Similarly, travel vaccinations can be required when visiting some parts of the world. Your GP can offer advice, or you can contact the Medical Advisory Services for Travellers Abroad (MASTA). General travel advice is available from the UK Government at: [gov.uk/foreign-travel-advice](https://gov.uk/foreign-travel-advice).

# IT'S EASY TO BOOK WITH FRED. OLSEN

Once you have chosen your cruise, you only need to take a few steps before you can begin looking forward to your holiday.

## 1. We need just a few details to confirm your booking

Your full name as it appears on your passport; date of birth; home address; e-mail address and contact telephone number are all details we will need when you book. Please also have this information for any guests travelling with you.

## 2. Don't forget your cruise insurance and to check if visas are needed

Please ensure you have appropriate cruise insurance cover; it's a mandatory requirement for sailing with us. Visas may be required for your chosen region. We've provided some helpful information for this, too, on the opposite page.

## 3. Non-refundable deposit

All cruises are secured by a non-refundable deposit. This is typically set at 15% of the cruise cost (this varies when booking close to your departure date, and when booking cruises more than 27 nights in duration).

## 4. We will send confirmation straight away

There's a little more information we will require before you travel, such as your insurance, emergency contact details and passport details, and naturally final payment is needed ahead of your cruise. We will send details of this with your confirmation invoice as soon as you make your booking.

The background of the entire page is a vibrant, abstract illustration. It features large, overlapping geometric shapes in shades of blue, green, yellow, orange, and red, creating a sense of depth and movement. In the lower half, there are stylized representations of a coastline with green hills, a small town with a church, and a beach with people. The overall style is modern and artistic.
